Email is the preferred method of communication.

Most information is readily accessible on the website.

We looking forward to working with you!

Lisa Schwan, DVM - Owner

Growing up in the Midwest on her parents horse farm, Lisa always knew that she wanted to be a veterinarian. She graduated college, went off to vet school and has been working here in Ohio ever since.

Lisa's clinical experience is varied and she holds a special interest for internal medicine, geriatric care, soft tissue surgery, ultrasound, and behavior.

In her free time, she enjoys spending time with her husband Nic and their Rotten-weiler named Sammy. She loves to hike, camp, read, crochet, knit and dabble in woodworking.

In Her Own Words:

"After 15 years of primarily small animal practice, I wanted to see if I could build an independent business of my own. This is how North Central Ohio Relief Services came to be. I see a growing need in clinics for doctors to be able to step away from the daily grind of practice, but still have assurance that your clients and patients are well-cared for. I look forward to bringing my 15 + years of experience to your clinic to help your staff maintain that continuity of trusted care."

Dr. Schwan's Background
